Biography of John of the Cross

John of the Cross, whose birth name was Juan de Yepes Alvarez, was born in Fontiveros, a small town in Spain. His early life was marked by poverty and hardship, especially after the death of his father. Despite these challenges, John pursued education and eventually joined the Carmelite order, where he adopted the name John of the Cross.

His life was significantly shaped by the reforms initiated by Teresa of Ávila. Together, they sought to return the Carmelite order to its original contemplative roots. This led to the establishment of the Discalced Carmelites, which emphasized a life of poverty, prayer, and contemplation. However, John faced opposition from those within the order who resisted these reforms, leading to his imprisonment and suffering.

Throughout his life, John of the Cross wrote extensively, producing theological works, treatises, and, most notably, poetry. He died in 1591 and was canonized in 1726, later being declared a Doctor of the Church in 1926. His legacy endures through his writings, which continue to inspire seekers of spiritual truth.
