## Understanding the Minnesota Drivers Test

The Minnesota drivers test consists of two main components: the written knowledge test and the behind-the-wheel driving test. Each of these tests assesses different skills and knowledge necessary for safe driving.

### The Written Knowledge Test

The written knowledge test evaluates a driver's understanding of traffic laws, road signs, and safe driving practices. It consists of multiple-choice questions that cover various topics, including:

- Traffic signs and signals

To pass the knowledge test, you must score at least 80%. This means you can miss no more than 6 out of 30 questions.

### The Behind-the-Wheel Driving Test

- Vehicle control
- Obeying traffic signals and signs
- Proper use of mirrors and turn signals
