Assembling the Room Essentials 3 Shelf Bookcase can be completed in several straightforward steps. Follow these instructions closely for a successful build.

Step 1: Unboxing and Inventory

1. Carefully open the box and remove all pieces.
2. Lay out the components on the floor to ensure you have everything:
 - Side panels (2)
 - Top panel (1)
 - Bottom panel (1)
 - Shelves (3)
 - Back panel (1)
 - Hardware kit (screws, dowels, and brackets)

Step 2: Preparing the Side Panels

1. Identify the side panels, which usually have pre-drilled holes for the shelves.
2. Insert wooden dowels into the corresponding holes on the bottom and top of each side panel. This will help secure the top and bottom panels later.

Step 3: Attaching the Bottom Panel

1. Position the bottom panel between the two side panels, aligning it with the dowels inserted earlier.

2. Secure the bottom panel using screws from the hardware kit. Make sure it is flush against the sides.

Step 4: Attaching the Top Panel

1. Follow the same procedure as in Step 3 to attach the top panel.
2. Ensure that all connections are tight and secure to maintain stability.

Step 5: Installing the Back Panel

1. Position the back panel against the assembled frame. This panel provides structural integrity to the bookcase.
2. Use screws to secure the back panel to the sides and top.
3. Ensure the back panel is aligned properly to avoid any warping.

Step 6: Adding the Shelves

1. Determine the desired height for each shelf by adjusting the metal shelf pins or brackets.
2. Insert the shelf pins into the pre-drilled holes on the side panels at your chosen heights.
3. Carefully place each shelf onto the pins, ensuring they are secure.

Step 7: Final Tightening and Leveling

1. Go through all screws and connections once more, tightening any loose parts.
2. Use a level to check that the bookcase is even. If necessary, adjust the position by placing small pads or shims beneath the legs.

Step 8: Finishing Touches

1. If provided, attach any additional hardware, such as safety brackets to secure the bookcase to the wall.
2. Clean the surfaces with a soft cloth to remove any dust or fingerprints from assembly.
